

Nokia 2128i Battery Replacement

This guide will show how to properly remove and replace the cell phone's battery.

Written By: Chad

INTRODUCTION

If you are having issues with your phone's battery life or connection, change the battery.

Step 1 — Battery

- Be sure cell phone is off before you begin to disassemble the phone.
- Press the button on the bottom of the back of the cell phone.
- Slide rear panel down and remove it.

Step 2

- Using your fingernail, pry the back of the battery upwards and pull out.

To reassemble your device, follow these instructions in reverse order.
